

This summer, **Castlegar's Water Smart Ambassador program** is back to help residents use water more efficiently for their lawn and garden. During a lawn and garden assessment the Water Smart Ambassador will complete a soil analysis, can give you a detailed watering schedule for your manual watering system, or assist you in programming your automatic irrigation system timer.

**When you book your FREE assessment you will receive a hose timer, rain gauge and will be entered into a grand prize draw! (\$100 value)**

Also, you can call the **Water Ambassador** with any questions or concerns about your water use as published on your metered water rate quarterly utility bill. Learn how you can save water and money now!

**Call your Water Smart Ambassador, Genevieve Bergeron, to book your appointment today at 250-304-5275 or email at [waterambassador@castlegar.ca](mailto:waterambassador@castlegar.ca)**
